

Color the Butterfly

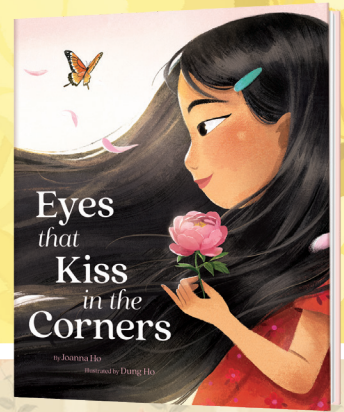

Butterflies come in all different colors. Color in the butterfly below.
If you want to have a little more fun, cut the butterfly out along the outline
and tape it to your wall, window, or ceiling.

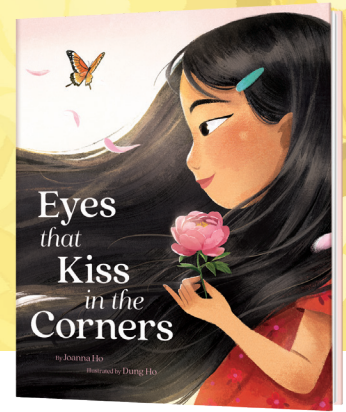

Reflections

Floral Match

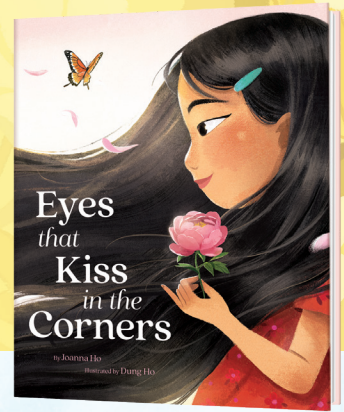

Cut out the below squares along the dotted lines. Place them picture-side down and shuffle them around. Pick two at a time to see if they match. If not, flip them back over and try again until you've matched up all the pairs!
