

## DESIGN A BISCUIT

Everybody in Normalton knows that the Biscuit Factory is really a Super-Secret Science Lab. It's just easier to pretend they make biscuits. They have even invented some pretend biscuits, like the Nibbly Nom Nom, to try and fool people.

Design your own biscuit in the space below. Remember to think about the following things:  
Ingredients e.g. is it jammy, chocolatey - or maybe both! What shape is it? What is it called?  
How does it taste?

## WRITING CHALLENGE: HOBBIES MAKING MAGIC

In *The Unbelievable Biscuit Factory*, it's Haddie's band playing music that accidentally rips a hole in between dimensions. Haddie LOVES playing guitar.

**CHALLENGE** Imagine you are doing something you love to do, and while you are doing it - KABLOOOEY - something sciencey or magic happens. Something EXTRAORDINARY.

**STEP ONE** What are you doing and why do you love it? Concentrate on the actions you're performing, and on how the hobby makes you feel. When Haddie plays guitar she feels empowered, clever and in the zone.

**STEP TWO** Describe the magic. What do you see and hear? Haddie feels crackles of energy and hears a long, low, farty sound . . .

**STEP THREE** How does this magic disrupt your hobby? Maybe the pen explodes, or the horse you're riding grows wings or wheels . . . What do you do next?

## WRITING CHALLENGE: THE MOST USELESS SUPERHERO

In *The Unbelievable Biscuit Factory* we meet MAN MAN, a rabbit who thinks he's a man. He is also a not-very-helpful superhero.

**CHALLENGE** Imagine one of your friends is a superhero and they transform at EXACTLY the wrong moment.

**STEP ONE** Which friend transforms, and how is this a bad time for it to happen? Maybe it's in the middle of assembly, or while they're brushing their teeth.

**STEP TWO** How do they transform and what do they look like? When Man Man spins into action he shouts out a rhyme and in the old TV shows, Superman used to run into a phone booth to transform. How might your superhero transform?

**STEP THREE** What power do they have and is it a good idea for them to try and use IT? What could go wrong?

A series of horizontal dotted lines for writing.
