DRESS YOUR LLAMA

League of Llamas Agent 0013 Lloyd Llamator is heading out on a top secret mission and he needs You to help design his outfit.

Draw Lloyd's spy outfit and colour it in. When your artwork is complete, get an adult to take a photo and post it on their Instagram account tagging both @puffinbooksaus and #leagueofllamas. The most stylish spy outfit will win some LLAMAZING prizes including spy gear, a plush llama and books signed by Aleesah Darlison.

puffin.com.au

Entries close 11:59pm Thursday 30th April 2020 and the winner will be announced via @puffinbooksaus. There are 3 prize packs to be won. Entries will only be accepted via posts (not stories) on public Instagram accounts (we can't see the photo if your account is private). Open to Australian residents only and limited to one entry per person. Penguin Random House Australia will choose the winning entries based on originality and creativity, and will announce the winners on the PuffinBooksAus Instagram. Hold on to your hooves, the League of Llamas are here to save the day! They've got stylish accessories, powerful kicks, dynamic spits and are ready to beat up baddies – particularly the infamous badger, General Bottomburp. If only they weren't so easily distracted by delicious lawns along the way!

Join the adventure as the League of Llamas rescue a prized statue, solve a bank robbery mystery and cruise around in their llamaborghini. Find the LOL series at your local bookstore and keep your eyes peeled for *League of Llamas 3: Undercover Llama* and *League of Llamas 4: Rogue Llama*, out in July 2020.

Agent 0011 – Phillippe Lllamar

As the League of Llama's top-ranking secret agent, Phillippe is an expert in martial arts, a great leader and only a little bit clumsy on his hooves. He also has the thickest, most luxurious fringe of them all, which makes the lady llamas swoon!

Mysterious Llama in Red – Elloise Lllamaresky

Elloise is a stunning, long-lashed beauty of a llama who looks amazing in the colour red. She always seems to be present at the scene of the crime, but whose side is she really on...?

Agent 0013 – Lloyd Lllamanator

Lloyd is Phillippe's sidekick, who is a little too relaxed to be reliable! Not the sharpest tool in the shed, Lloyd is often found daydreaming about grass or accidentally foiling the whole save-the-day plan.

Villain – General Bottomburp

Badgers are every llama's sworn enemy, and General Bottomburp is the worst of them all. He enjoys making trouble for the llamas in his spare time and often puts other animals of the world in danger with his antics.
