How to draw Catvinkle

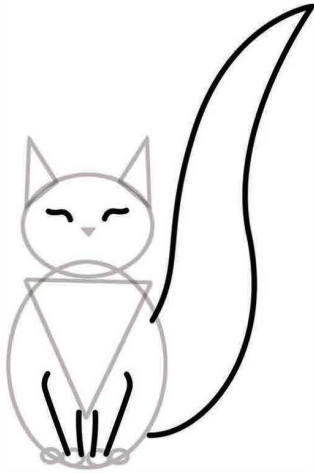

1. Using your pencil – draw 6 ovals, for Catvinkle’s head, body and her tiny feet.

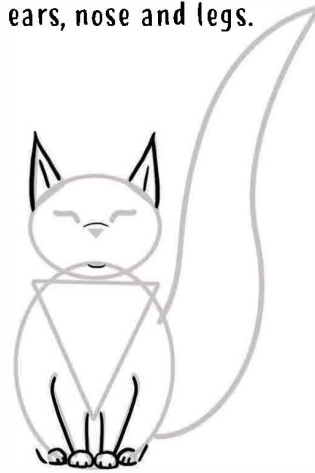

2. Now add 4 triangles, for her ears, nose and chest.

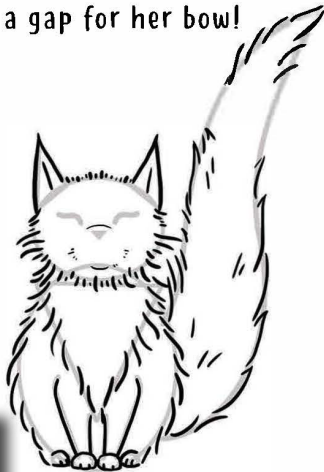

3. Add 8 curvy lines, for her tail, eyelids and legs.

4. Now that you have the basic shape, use a marker. Add smooth lines where her fur is short – ears, nose and legs.

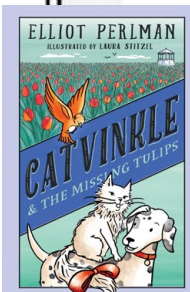

5. Now draw lots of little lines for all of Catvinkle’s soft, fluffy fur. Don’t forget to leave a gap for her bow!

6. Lastly, add Catvinkle’s bow, long whiskers and her face. You can give her any expression you like!

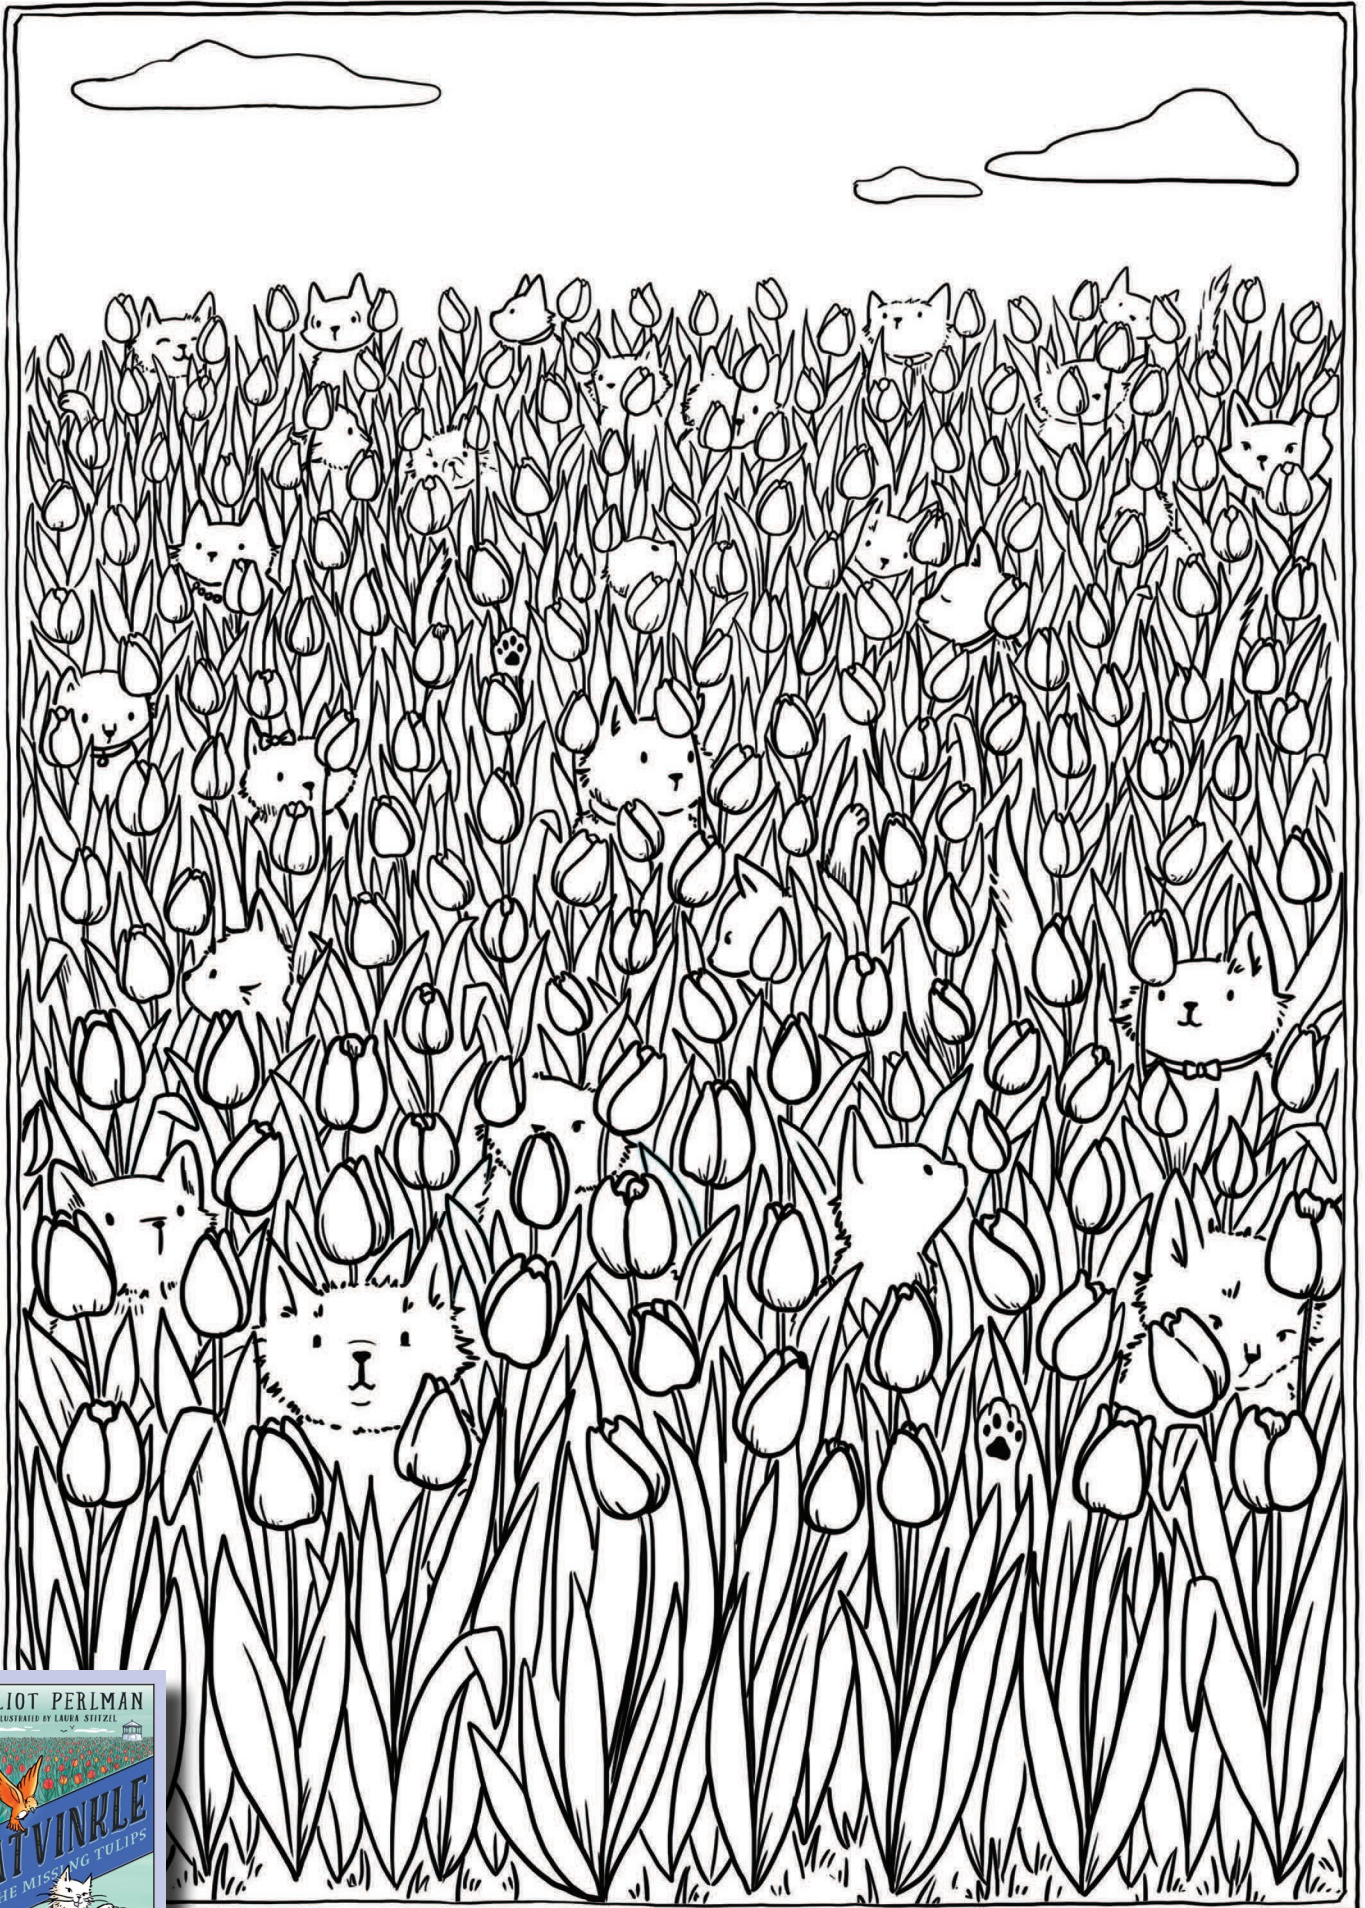

Erase your pencil lines and you are finished!
