IMAGINE EXPLORING

Everest Creative Writing Prompts

Pick one or more of the creative writing prompts from below. Use the given space and write your story.

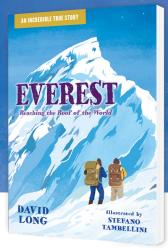

- 1. Imagine that you have to turn back before reaching the summit perhaps you or one of your companions are unwell with altitude sickness, or you are forced to stop before you run out of oxygen, like Hunt's team. How would you feel? Would you be frustrated that you didn't make it to the top, or relieved to be heading home?
- 2. Many of the expeditions on Everest are derailed by bad weather conditions. Imagine that your team has ended up in a dangerous situation perhaps an earthquake has triggered an avalanche of snow, or a crevasse has opened up beneath your feet. What would you do? How would you help your team?

3. Think about how it would feel to walk onto the summit of Everest. What would you see

and hear? Would you be excited, or scared? Describe how you would feel.
